

DESCRIPTION: Dalot 240EC® is a post emergence herbicide for control of grasses in onions.

Mode of action: Systemic herbicide, rapidly absorbed and readily translocated from treated foliage to the root system and growing parts of the plant where it acts as a lipid (fatty acid) synthesis inhibitor. Chemical family: Cyclohexanedione oxime.

Mixing instructions: Half-fill the spray tank with water. Add the required amount of Dalot 240EC®, then fill the water to the required level and mix or agitate thoroughly to uniformity. Spray immediately after mixing.

Directions for use:

Crops	Weeds	Application Rate	Timing and frequency of application
Onions	Grasses	30 – 50 ml/20L of water; 0.5-1 L/ha a	Apply when annual grasses are at 2-6 leaf stage. Do not apply to plants undergoing stress or plants that have exceeded the recommended growth stage. Cultivation 7 days prior and after chemical application, or heavy rainfall occurring 1 hour after application may reduce effectiveness. Do not apply a post emergence broadleaf herbicide 1 day after application of Dalot 240EC®. 1 application per season is recommended.

Re-entry interval: 6 hours.

Pre-harvest interval: 56 days on onions

Resistance Management: Repetitive/continual use of Dalot 240EC® can lead to pesticide resistance. It is recommended that Dalot 240EC® is alternated with pest control products with a different **MODE OF ACTION** as well as adhere to good farming practices.

HAZARDS/ PRECAUTIONS

Handling: Dalot 240EC® is harmful if absorbed through the skin or if swallowed. Wear protective clothing, gloves, boots and face shield or safety goggles during application and cleaning of equipment. Do not inhale the spray mist; avoid contact with skin, eyes and clothing. Do not apply upwind and stay away from the spray cloud. Do not eat, drink or smoke when handling the product.

After work: Remove protective clothing immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Wash hands thoroughly with soap and plenty of water. Wash the spraying equipment and the contaminated clothing carefully before re-use.

STORAGE: Store in its tightly closed original container in a cool dry well-ventilated place, under lock and key away from children and unauthorized persons. Keep away from food, drinks and animal feeds. Keep away from heat, sparks and open flame. Handle as a flammable liquid-nonsmoking.

DISPOSAL: Triple rinse empty container and add washings/rinse off to spray mixture, then perforate or puncture holes on empty containers/sachets and deliver them to an authorized county designated collection centre. Do not pour rinsate into any drain or on any site in close proximity to human or animal habitation, water sources, waterways or water bodies. Do not re-use empty pesticide containers for any other purpose.

Accidental release measures: Keep people away from the spill area. Use personal protective equipment when cleaning up the spill. Do NOT wash away into sewer. Do NOT let this chemical enter the environment. Pour the contents of leaking container into an empty container that originally held same product or put leaking container into a larger, clearly labeled container. Absorb liquid pesticides by covering the spill with absorbent materials, such as sawdust, clay or kitty litter.

ENVIRONMENTAL HAZARDS: Dalot 240EC® is non-toxic to honey bees with minimal hazard to non-target insects. Do not contaminate ponds and waterways by direct application, drift, cleaning of equipment or disposal of waste and empty containers. Newly treated areas must not be grazed and all livestock is to be kept out. No food or feeds should be collected from treated areas.

FIRST AID MEASURES:

Eye Contact: Hold eye open and rinse slowly and gently with plenty of water for 15 - 20 minutes.

Skin contact: Remove contaminated clothing and wash exposed skin area with soap and plenty of water.

If Swallowed: Do not induce vomiting. Do not give anything by mouth to an unconscious person.

If inhaled: Move patient to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth if possible.

SEEK MEDICAL ATTENTION IMMEDIATELY

TOXICOLOGICAL INFORMATION: Causes moderate eye irritation and is harmful if swallowed.

Symptoms of Poisoning: Skin and eye irritation upon contact. Inhalation and digestion can lead to irritation, coughing, shortness of breath and dizziness.

Antidote: No specific antidote is known.

Ingredients that may affect treatment: This product contains petroleum distillates.

Notice to physician: Treat symptomatically. Vomiting may cause aspiration pneumonia.

IN CASE OF POISONING CALL TOLL FREE EMERGENCY NO:

0800 72 00 21 / 0800 73 00 30 (24 Hrs)

NOTICE TO USERS: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act (Cap 346) to use or store a pest control product under unsafe conditions.

WARRANTY: Seller's guarantee is limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

CAUTION
(TAAHADHARI)

MAELEZO: Dalot 240EC® ni kiua gugu cha kudhibiti nyasi kwa vitunguu.

Jinsi inavyofanya kazi: Dalot 240EC® hufunzwa na majani hadi kwa mizizi na sehemu zinazokua za mimea ambapo hufanya kazi kwa kuzulia utengenezaji wa aina ya mafuta 'lipids'. Kikundi cha kemikali: Cyclohexanedione oxime

Maelezo ya matumizi: Half-fill the spray tank with water. Add the required amount of Dalot 240EC®, then fill the water to the required level and mix or agitate thoroughly to uniformity. Spray immediately after mixing.

Maelekezo ya matumizi:

Mmea	Kwekwe	Kiwango	Wakati na mzunguko wa matumizi
Vitunguu	Nyasi	Milita 30 – 50 kwa Lita 20L ya maji; Lita 0.5-1 kwa hekta	Nyunyizia wakati nyasi ina majani 2-6. Usinyunyize kwa mimea iliyochoofika au iliyoipitisha kiwango cha ukujaji kilichopendekezwa. Kupallia shamba siku 7 kabla au baada ya kunyunyizia dawa au mvua kunyesha saa moja baada ya kunyunyizia dawa huenda ikapunguza utendakazi wa dawa. Usitumie kiua gugu kinachodhibiti majani mapana siku 1 baada ya kutumia Dalot 240EC®. Nyunyizia dawa mara 1 kwa msimu.

Muda salama wa kusubiri kabla ya kuingia mahali Dalot 240EC® imepigwa: Masaa 6

Muda wa kusubiri kabla ya kuvuna: Siku 56 kwa vitunguu

Kudhibiti ukizina: Badilishana na dawa zingine zinazodhibiti magugu kwa njia mbadala ili kuzulia ukizina.

HATARI/TAAHADHARI

Matumizi: Dalot 240EC® ni hatari ikifyonzwa kupitia ngozi au ikimezwa. Valia nguo za kujikinga kama vile overalls, gloves, boots au kina ya uso au mwani unapotumia bidhaa hiyo na unaposhika vifaa vya kunyunyizia dawa. Eupkana na kupumua mvuke na uguzaji wa bidhaa hiyo kwenye ngozi, macho na nguo. Eupkana na kuelea kwa mazao lifhe jirani. Eupkana na kukaa kwenye wingu la dawa. Usile, usinywe wala kuvuta sigara unapotumia bidhaa hiyo.

Baada ya kazi: Vua nguo za kujikinga baada ya matumizi. Osha nguo kabla ya kuzitoea. Osha kabisa na ubadilisha kwa nguo safi, haraka iwezekanavyo. Osha mikono kwa maji mengi na sabuni. Osha vifaa vya kunyunyizia dawa na nguo zilizomwagikiwa na dawa kwa makini kabla ya kuzitumia upya.

UHIFADHI: Hifadhi katika chombo chake halisi kichofunguliwa. mahali pakuvu tulivu na pasipo na joto jingi. Weka mbali na watoto, wata wasidionishwa, vyakula, vinywaji na vyakula vya wanyama. Hifadhi dawa mahali pasipo na joto na miale wa moto, Usitue sigara karibu na dawa hiyo.

KUTUPA: Safisha chombo tupu kwa kusunza mara tatu na kuongeza maji haya kwenye mchanganyiko wa dawa, kisha toboa au kuharibu chombo tupu na kukipeleka katika kituo cha ukusanaji kilichodhinishwa cha kaunti. Usimwage maji haya katika miferji yoyote au katika maeneo yaliyo karibu na makao ya kibinadamu au wanyama, vyanzo, njia au miji ya maji. **Usitumie tena vyombo tupu kwa madhumuni mengineyo.**

Kuvuja na kumwagika kwa dawa: Weka wata mbali na maeneo yaliyomwagikiwa na dawa. Valia nguo za kujikinga unaposafisha. Usimwage maji haya katika miferji ya maji taka. Usiruhusu kemikali hiyo kuingia katika mazingira. Mwaga bakaji yaliyomo katika chombo kinachovuja kwenye chombo tupu ambacho hapo awali kilikuwa na bidhaa hiyo au weka chombo kinachovuja katika chombo kikubwa kilicho na kibandiko. Fyonza dawa iliyouwagika kwa kulufunika na machujo ya mbaao, udongo au takataka ya paka.

ADHARI KWA MAZINGIRA: Dalot 240EC® haidhuru nyuki lakini inadhuru wadudu wasiolengwa kwa kiwango kidogo. Usichafute vidimbwi na mikondo ya maji kwa kunyunyizia moja kwa moja, kuelea, kusafisha vifaa au utupaji taka na vyombo tupu. Weka mifu mbali na sehemu zilizonyunyiziwa dawa.

MAELEZO YA HUDUMA KWANZA:

Ikingia machoni: Tiririsha maji mengi ukiwa umefyambua macho angalau kwa dakika 15-20. **Ikigusa ngozi:** Vua nguo zilizomwagikiwa na dawa kisha uoshe sehemu iliyoathirwa kwa maji mengi na sabuni.

Ikimezwa: Usimlazimisha mwathiriwa kutapika. Usimpe chochote aliyepoteza fahamu. **Kipumuliwa:** Mpeleke mwathiriwa mahali atakapopata hewa safi. Msaidie kupumua ikiwa ana tatizo la kupumua.

PELEKA MURUHIWA KWA DAKTARI

MAELEZO KUHUSU SUMU: Husababisha muwasho ikingia machoni na inadhuru ikimezwa. **Dalili za kusumika:** Husababisha muwasho ikigusa ngozi au ikingia machoni. Husababisha muwasho, kukohoa, shida ya kupumua na kuzunguzwa ikipumuliwa au ikingia machoni.

Tiba: Haina tiba maalum

Viungo vinavyoweza kuathiri matibabu: Bidhaa hiyo ina 'petroleum distillates'. **Kidokezo kwa daktari:** Tibu kulingana na dalili. Mwathiriwa akitapika huenda akagoneka homa ya mapafu.

WAKATI WA KUSUMIKA PIGA SIMU BILA MALIPO KWA NAMBARI:
0800 72 00 21 / 0800 73 00 30 (Masaa 24)

ILANI KWA MTUMIAJI: Dawa hiyo sharti itumie kulingana na maagizo yaliyo kwenye kibandiko. Ni hatia chini ya sheria za madawa ya kuangamiza wadudu waharibu (Cap 346), kutumia au kuhifadhi dawa hiyo katika hali isiyosalama.

THIBITISHO: Dhamana ya muuzaji ni maelezo yaliyo kwenye kibandiko ambayo lazima yafuatue kikamilifu. Mnuuzaji lazima akubali hatari zote zinazoweza kutokana na matumizi ya dawa hiyo kwa kibinadamu au mali na lazima aiukubali dawa hiyo katika hali hiyo.
